## **February 26, 2010 - Severe Weather causes Orange County to declare a State of Emergency**

The Greenville-Wawayanda Lions Club assisted at the Red Cross shelter at the Monroe-Woodbury Middle School this past weekend by sending four members from 6 pm Friday until 7:30 am Saturday. We set up cots, distributed food, supervised the dormitory, provided medical counseling (one of our members is an RN), and registered clients. It was our first sheltering experience, and things went very smoothly. We appreciated the assistance of the Orange County Sheriff's department, which provided security, and the custodial staff at the middle school, who were cooperative and helpful while they had their hands full with snow removal. The Red Cross system for contacting representatives of partner groups worked well, and I am very proud of our club.
